New South Wales Dairy Doe of the Year

Avago Zsa Zsa *Q*3

Cover Story

2012 New South Wales Dairy Doe of the Year

Avago Zsa Zsa

Bred and owned by Gwen & Ian Cassell,
Avago Stud Molong, NSW.

Photo taken by The Land

Avago Zsa Zsa was born on 31/8/2008 to Avago Zambia & Glendowen Major.

As a kid she showed that the mating was successful as she won numerous Champion Kid awards. Cowra Show was to be exceptional. Having won Champion Kid, she settled down for an afternoon of promotion & education as the public showed an interest in the baby goats. At "pack up" time we noticed her front knee joints had swollen, causing concern. We had to make a detour through Orange to our vet (after hours) for a course of antibiotics & anti-inflamitaries.

Zsa Zsa made a full recovery to go on to be runner-up for Dairy Kid of the Year. The following year she won many Champion Goatling Awards as well as Best of Breed Awards, again runner-up for Dairy Doe of the Year in the goatling section.

Twice the bridesmaid and now the bride.

Avago Zsa Zsa gained her *Q*3 award after 33 days into her first lactation, producing 5.1 kgs @ 3.94% BF. She gained this prestigious award by only attending five shows and was judged by five different judges.

She is eligible for an Australian Champion award, (yet to be claimed).

Gwen & Ian Cassell.

Attention Please! Do the Right Thing!

If you sell a registered dairy goat it is your responsibility to complete the details on the back of its pedigree certificate and return the form to the Federal Secretary within 7 days of the sale. The certificate must be accompanied by the correct fee to complete the transfer of the animal to the new owner. Details: See Herd Book (Page 134, Regulations 31, 32, 33, 34, 35 & 36).
