A CH F206 MAREL CHAOS *
DOB: 1st November 2014

2018-19 TASMANIA DAIRY DOE OF THE YEAR

Owned and Bred by Margaret & Emma Lomman

We are not sure whether Chaos was named for the dark void before creation, chaos theory or simply her ability as a kid to up end bottles, buckets and people on a regular basis.

Her ancestry is from our commercial herd. We purchased some unregistered black goats the remnants of Loraine Mance's Westhaven herd. These goats were bred with our pure British Alpines and Chaos is one of the results of this breeding.

Chaos is in her 2nd lactation having milked through as a 2-3 year old. She has a soft textured udder this is a pleasure to milk.

2018-19 has been a great season for her. As well as achieving F206, she gave 6.4kg in the on-ground 24hr milk test at the Hobart Royal. This achievement plus her gaining several Best Exhibits and Champion Australian Melaan titles, has seen her receive an Australian Champion Award. She is the 1st Australian Melaan in Tasmania and only the 9th in Australia to gain this award.

Margaret Lohman, Tas.
